Release notes:

- This is a set of Eight add-on textures for V3's Victorian Hose Conforming Model, available at freebie section at www.renderosity.com
- For your convenience, there are two ways of accessing textures:
One is via Poser's material room "Victorian Hose" folder.
The other way is through Material Poses contained in folder titled "VictorianHoseMAT"

Instructions for Use:

This package contains two sets of Victorian shoes at different resolutions (polygon counts).

- *Make sure Victorian Hose are loaded in your scene and selected.*
- *Access the textures using the material room or Mat poses.*
- *Double click on desired style, to load the textures.*
- *It is recommended to adjust material room settings to make textures fit your particular scene's lighting and point of view.*
 - *Texture labeled "WClassNoBow" is identical to "WorkingCladdWoo" texture with exception of the bow and handkerchief are hidden with use of transparencies. Same transparency can be used on any other textures for this piece. Feel free to look in the material room and use same technique.*
 - *Be aware that use of transparency may slow down the render time a little bit.*
